Ben,
Could you please send a copy of the gw sample location figure? I don't see one in the QAPP.

Good morning Dan,

Attached please find the unvalidated analytical results table and laboratory report for the groundwater sampling event conducted at the Canadian Radium and Uranium Corp. Site on December 14, 2016.

Please let us know what EPA action levels to compare the results with and we can update the data table accordingly. If you have any comments or questions please let me know.

Thanks,
